

Cryptrust

Airdrop Hosting

Developer & Participant Guide

Version 1.0.0

1. Create Cryptrust Account

Before setting-up an airdrop hosting, you need to create a cryptrust account at <https://cryptrust.io/register> . You can register using many social media choices as desired.

The image shows a registration form for Cryptrust. At the top, it says "Welcome Guest! Please register." Below this, there are several input fields: "E-Mail Address" (with a sub-label "Email"), "Name" (with a sub-label "Name"), "Username", "Gender" (with a dropdown menu labeled "Select gender"), "Password", and "Confirm Password" (with a sub-label "Confirm password"). There is also a "Birthday (optional)" field with a calendar icon and a dropdown arrow. Below the form fields, there is a checkbox labeled "I'm not a robot" and a reCAPTCHA logo with links for "Privacy" and "Terms". A green button labeled "Sign up to Dashboard" is positioned below the form. At the bottom, there is a section for "Register via social networks" with a blue button for "Log in with Telegram" and four social media icons: Google+, Twitter, Facebook, and LinkedIn.

If you are using a manual registration, you will receive a confirmation email in your inbox. Check the email and click the verification link to confirm your account.

After verifying your account, you can now login to Cryptrust platform and proceed to the next step.
